Equities likely to rise further but valuations cast a concern

IANS ■ MUMBAI
Persistent foreign capital inflows on the back of buoyant global cues as well as domestic macros are expected to further accelerate the rise of India's key stock indices in the upcoming week.
Accordingly, FPIs expect an accelerated economic recovery in India based on healthy macro numbers and monsoon rains.
They now await July industrial production figures slated to be released next Friday.
However, market observers cited high valuations along with chances of profit bookings as key factors that can cap gains and flare up volatility.
Last week, India's benchmark indices registered strong gains aided by positive global cues, encouraging macro data and FPI inflows.
Consequently, both the NSE Nifty50 and S&P BSE Sensex closed the week at record high levels. The Sensex rose 3.6 per cent and the Nifty gained 3.7 per cent over last week, its second consecutive weekly gain and the largest in seven months.
"US payrolls data has come in much below expectations, fuelling anticipations that the

US Fed will keep providing enough stimulus to revive the US economy," said Deepak Jasani, Head of Retail Research, HDFC Securities.
"This could support FPI inflows into the emerging markets, including India. Nifty could take support from 17,153 while 17,480 could act as a resistance in the near term," he added.
Lately, strong liquidity has boosted the domestic market with FPIs pumping in ₹6,800 crore in the last few sessions.
"Going ahead, the market is likely to continue with its positive momentum as economic recovery and vaccination continue their northward journey. However, valuations are also moving beyond the comfort zones and hence could lead to bouts of profit-booking and increase in volatility," said Siddhartha Khemka, Head, Retail Research, Broking and Distribution, Motilal Oswal Financial Services.

"Large caps offer better margin of safety in the current environment and could continue to remain in focus in the near term as well," he added.
Recent data points such as GDP, PMI and GST collections have indicated a healthy economic recovery.

India for early outcome of TRIPS waiver for Covid vax, diagnostics

PTI ■ NEW DELHI

India has pitched for an early outcome of the TRIPS waiver proposal for Covid-19 vaccines, therapeutics and diagnostics in the World Trade Organisation (WTO), an official release said on Saturday.

Addressing a meeting, which was attended by trade and economic ministers of BRICS countries on Friday, Commerce and Industry Minister Piyush Goyal also stressed on finding a permanent, adequate and equitable solution to the public stock holding programmes for food security purposes; early outcome of the TRIPS Waiver proposal for vaccines," the release said.
In October 2020, India and South Africa had submitted the first proposal, suggesting a waiver for all WTO

asked for adoption of emerging new technologies in a swiftly changing world while finding solutions to the challenges of data protection and cyber security; and ensuring sustainable consumption and production patterns. The Minister "emphasised, amongst other things, on the need for a permanent, adequate and equitable solution to the Public Stock Holding programmes for food security purposes; early outcome of the TRIPS Waiver proposal for vaccines," the release said.
In October 2020, India and South Africa had submitted the first proposal, suggesting a waiver for all WTO

(World Trade Organisation) members on the implementation of certain provisions of the TRIPS Agreement in relation to the prevention, containment or treatment of Covid-19. In May this year, a revised proposal was submitted by 62 co-sponsors, including India, South Africa, and Indonesia.
The agreement on Trade-Related Aspects of Intellectual Property Rights or TRIPS came into effect in January 1995. It is a multilateral agreement on intellectual property (IP) rights such as copyright, industrial designs, patents and protection of undisclosed information or trade secrets.

Supertech to file review petition against SC order; twin towers built as per law: Chairman RK Arora

New Delhi: Realty firm Supertech Ltd on Saturday said it will file a review petition against the Supreme Court order to demolish the company's twin 40-storey towers in Noida while asserting that the buildings were constructed as per the bye-laws with approval of the competent authority.
Last week, the apex court had ordered to demolish the twin 40-storey towers, which are part of the Supertech's Emerald Court project in Noida, Uttar Pradesh. "While we respect the Hon'ble Supreme Court order, we have decided to re-present the mat-

ter before the Hon'ble Supreme Court in a review application as the towers were constructed as per the approval of the competent authority conforming to the Building bye-laws," Supertech Chairman R K Arora said.
He said in a statement that the Apex and Ceyane towers are not linked to or part of any ongoing project of the company. Supertech group is developing 10 crore sq ft across its projects, while Apex and Ceyane towers only constitute a mere 6 lakh sq.ft which is 0.6 per cent of the total portfolio.

CIL launches software for better assessment of coal resources

New Delhi: State-owned CIL on Saturday said it has launched a software which will help in identifying thin coal seams under the earth crust and improve assessment of resources of fossil fuel using seismic survey during exploration process. The launch of software assumes significance as the present seismic survey techniques for coal resource exploration have their limitations in identifying the thin coal seams under the earth, which will now be possible as this new software helps in enhancing resolution of seismic signals.

PTI ■ NEW DELHI

The Food Safety and Standards Authority of India (FSSAI), in a statement, said it has also directed states to investigate use of dairy terms on the
